PROFESSIONAL SUMMARY

Software Engineer and AWS Certified Cloud Practitioner with 10+ years of technical experience spanning telecommunications, networking, electronic security, and enterprise technical support. Experienced developing applications using Java, Python, Spring Boot, Android, REST APIs, SQL, Git, and AWS. Combines extensive hands-on technical expertise with modern software engineering practices to build reliable, scalable solutions.

TECHNICAL SKILLS

Programming Languages: Java • Python • SQL • JavaScript • HTML5 • CSS3

Frameworks & Tools: Spring Boot • Android Studio • REST APIs • Maven • Git • GitHub • GitLab • Docker • JSON

Databases: MySQL • Room Database • Relational Database Design

Cloud: EC2 • S3 • IAM • RDS • CloudWatch

Concepts: Object-Oriented Programming • SDLC • Agile • Networking • Secure Coding • Technical Troubleshooting

PROFESSIONAL PROJECTS

Android Vacation Scheduler: Java mobile application for managing vacations and related excursions.

- Developed CRUD workflows using Java, Android Studio, and Room Database.
- Implemented relational data, date validation, scheduling, and notifications.
- Managed source control and iterative development with Git and GitLab.

Spring Boot REST API: Java backend application exposing RESTful services backed by MySQL.

- Developed REST APIs with Java and Spring Boot.
- Integrated MySQL persistence and managed dependencies with Maven.
- Applied object-oriented and layered backend design principles.

Secure Python Web Application: Python application strengthened through vulnerability review and testing.

- Identified and remediated application vulnerabilities.
- Implemented secure coding, logging, and validation practices.
- Executed tests to verify security-focused code revisions.

PROFESSIONAL EXPERIENCE

Branch Banker | PNC Bank

Nov 2023 – Nov 2025

- Managed personal and business banking transactions with accuracy, confidentiality, and compliance.

Field Technician | ADT

Jan 2020 – Nov 2023

- Installed and serviced residential and commercial security, surveillance, automation, and life-safety systems.
- Diagnosed networking, communication, and hardware issues while delivering technical solutions to customers.

Advanced Multi-Service Installer | Comcast

Jun 2016 – May 2019

- Installed and serviced internet, cable, telephone, and security systems.

Technical Support Team Lead | DirecTV

May 2012 – Jul 2015

- Earned promotions across customer service, retention, technical support, and team leadership.

EDUCATION

Western Governors University | Bachelor of Science in Software Engineering | July 2026

Certifications: AWS Certified Cloud Practitioner • Alabama Electronic Security Board License (AESBL)

AWARDS

Western Governors University Excellence Award – Recognition for outstanding academic performance.
